

NWTN Preamble

QST, QST, QST. This is Net Control Station [Call] calling the Northwest Traffic Net. And my name is [Name]. I am located in [your location].

This is a directed net. This net meets every evening at 6:30pm on the K7ID VHF and UHF linked repeaters;

- Idaho Mica; 146.980 MHz with a tone of 127.3 Hz and a (-) offset.
- Little Blacktail; 146.780 MHz with a tone of 127.3 Hz and a (-) offset.
- Canfield Butte; 443.975 MHz with a tone of 136.5 Hz and a (+) offset

All three of these repeaters are linked to enhance our coverage area.

All Amateurs are welcome and invited to check in. {Unkey; Pause only momentarily}

This net provides an opportunity to pass written traffic, allowing our net participants to improve their message traffic passing skills. QSO's are welcomed.

Each night we have our own net control operator, but we are always looking for substitutes, so feel free to volunteer with our Net Manager, Gabbee KE7ADN
{Unkey; Pause only momentarily}

All stations stand by for check-in. Be advised that STATIONS WITH EMERGENCY TRAFFIC MAY BREAK IN AT ANY TIME. (Unkey; let repeater drop out)

(Starting with early ins and outs for about 10 mins AFTER net starts)

This is Net Control Station [Call] now calling for Early in and outs, please come now.

(regular check-ins)

Moving on to Regular checkins, When checking in, Please list any traffic or contacts then hold for direction from Net Control.

This is Net Control Station [Call] now calling for Regular Check ins, please come now.

{IF TRAFFIC}

(Ask if there is someone capable to take their traffic . If not, you as net control needs to take it. The forms are 213 forms on the K7ID website.)

This is Net Control Station [Call]. Now calling (station) to pass their listed traffic with (2nd station) all others standby for net: {handle accordingly, then move back to check ins}

{IF NO TRAFFIC Listed, skip to announcements}
